Cuts of Key Blanks are exact as to size and shape.

No. 037 Key Blanks are what we make up regularly with Drawer Locks Nos 22 to 39.

Nos. 036, 038, 039, Key Blanks differ from 037 only in length of pipe, any of which will be made up with the Drawer Locks Nos. 22 to 39, when so ordered.

No. 206 Key Blanks for Padlocks Nos. 206, 0206, 207, 0207.

Our Drill-Pin Composition Key Blanks are made from pure Copper and Tin (the best kind of Key metal), are accurately turned, drilled, drifted, and nicely finished up by machinery and tools we have adapted especially to it; Locksmiths and others who fit Keys, or require Blanks for new work, will find them a most superior article for such purposes, as well as very reasonable in price.
