### Adjustable Lock For Spare Tire Carriers

No. 5400

Size of case  $1\frac{1}{2}$  inches. Weight  $4\frac{1}{8}$  lbs. per dozen.

Shackle adjustable 7-16 to  $1\frac{1}{4}$  inches. Packed each in a box. Six in a carton.

Bronze case, highly polished. Brass bolts. Nickelled shackle. Two nickel plated corrugated steel keys.

Shackle can be inserted only in the top of the case.

The shackle of this lock is especially made to fit the locking clamp on spare tire carriers on Chevrolet, Hupmobile, Ford, Dodge, Reo, Overland, Buick and many other cars.

With the "A" shaped shackle and close fitting notch features this lock can be locked very tight, making it practically impossible to force lock from the clamp.

### Adjustable Lock for Spare Tire Carriers

No. 5450

The shackle of this lock is especially made to fit the locking clamp on spare tire carriers on Chevrolet, Hupmobile, Ford, Dodge, Reo, Overland, Buick, Oldsmobile, Maxwell and many other cars.
